1 Cruise to the Coral Reef & Beach

Your cruise to the coral reef will take about 30 minutes.

We recommend you to remain on the upper deck at the beginning, where your guide will provide information about Zanzibar's history, nearby islands and Stone Town. You are free to stay on the upper or lower deck during the tour. Once you approach the reef, your guide will advise you to move to the lower deck to start exploring the marine life through our large unbreakable windows, accompanied by fish/coral charts and guide's explanations.

After approximately 1.5 hours our speedboat will pick you for the nearby sandbank adventure, where you will meet our hospitality staff and the designated picnic tent.

2 Time on the Sandbank

Enjoy refreshments and tasty finger-food snacks under a private and dedicated tented sun-roof. Your time on the sandbank is at your own leisure, free to swim and enjoy the turquoise waters. Our staff are attentive and are happy to assist you while swimming or snorkeling (bring your own equipment and towels please). Transfer back to Stone Town, is an exciting 15min. RIB speedboat experience, where you will be dropped off at the your departure point (subject to tide height.)

3 On-board facilities

The lower deck is equipped with air conditioning, USB charging port, large viewing windows, life jackets and seating for 8 passengers,

4 Memory Pictures

Your guide and diver will take free memory pictures of you through the large windows from outside the submarine. However, passengers are not allowed to swim, dive or snorkel during the tour.
